Re: Technical Memorandum #4
Operable Unit 5

Dear Mr. Schassburger:

EPA has reviewed the referenced document and discussed it with the Colorado Department of Health (CDH). EPA is hereby granting approval of Technical Memorandum #4 on the condition that additional detailed information about the proposed soil profile sampling described on page 22 is provided, and the concerns raised in the enclosed letter from CDH are satisfactorily resolved.

Regarding the soil profile sampling, it is not clear from the text what sampling intervals are planned, nor for what specific isotopes the samples will be analyzed. Further discussion is required to clarify the data quality objective of this activity.

If you have any questions please contact Bonnie Lavelle at (303)294-1067. We will continue to work with your staff to resolve the agencies' comments and to ensure that field activities proceed as planned.

Sincerely,

Mart Hestmark
